

## **Endorsement of Krista Keating-Joseph**

“Krista is the most frank and hard-working person I know. Over the years, we have attended military and public safety events and I've listened to her speak as a Gold Star mom many times. I know Krista's keen intellect firsthand, and I am proud to call her a friend. In Atlantic Beach, our first responders also know Krista well, because we have a beloved station dog, 'C4,' named after her hero son Charlie that she sponsored through K9s for Warriors and that was donated to our police department.

Krista's platform is much like the priorities we have set in Atlantic Beach, where we value first responders, fiscal responsibility, no tax increases, preservation of our quality of life, regard for our natural assets, and transparency. Krista knows challenge and sacrifice more than most of us, and she has used her life experience to drive her in phenomenal ways that benefit others. She is a giver, a servant of the people, and a patriot. She has lived through too much to sit idly by when she believes corrective action is needed. She will stand up for you, the people. Isn't this the kind of drive we want in our elected officials? I wholeheartedly endorse her.”

Ellen Glasser  
Mayor, City of Atlantic Beach (2017-current)
